

AN IMPORTANT CASE.

Sherrard's Suit Against the P. O. & St. Louis Railway.

THE CONSOLIDATION SCHEME

With the Pittsburgh, Chicago, Cincinnati & St. Louis Company—Sherrard Refuses to Enter the Consolidation and Sues for the Value of His Stock—The Company Appeals from the Verdict.

Special Dispatch to the Intelligence.

STEVENSVILLE, O., Nov. 30.—The Circuit Court handed down a decision today in the case of Robert Sherrard, jr. vs. the Pittsburgh, Cincinnati & St. Louis railway company, which will attract considerable attention, because it grows out of the consolidation of the Pittsburgh, Cincinnati & St. Louis railway company with lines west of Pittsburgh in October, 1889, forming the Pittsburgh, Chicago, Cincinnati & St. Louis railway company. Mr. Sherrard was a stockholder at that time, owning 2,927 shares, and declined to enter into the consolidation. He gave notice, and in pursuance with a section of the statutes passed two years ago, P. P. Lewis, Dr. William Stanton and W. F. Campbell were appointed as a board of arbitrators to fix the value of the stock. They found the value of the stock at the time of consolidation to be sixty dollars, per fifty dollars a share.

The railway company took an appeal to the common pleas court, and the issue was tried to a jury. The jury fixed the value at \$65 per share of \$50 par value. The circuit court was asked to grant a new trial, and the case was argued last week before Judges Woodbury, Frasier and Lambie. Mr. Sherrard was represented by W. P. Hays and Jno. M. Cook, of Steubenville, and the railway company by Hon. J. Thwing Brooks, Second Vice President and general counsel of the Pennsylvania lines, and Hon. W. A. Lynch, of Canton.

The case dealt wholly with figures and accounts, and the amounts ranged from twenty-five thousand to thirty million dollars. The court was asked to grant a new trial on the principal grounds of error in the admission of testimony of experts, error in charge to the jury and an excessive verdict. A majority decided not to reverse the finding of the lower court, Judge Lambie dissenting. The railway company will appeal the case to the supreme court. Mr. Sherrard holds that his stock is worth one hundred dollars for fifty dollars par value per share or \$200,000. Steubenville city and county hold 1,275 shares, and the valuation, as well as whether the consolidation will be gone into, will be determined by the issue of the Sherrard case. This is the first time the case has been tried in Ohio courts, hence the general attention it is attracting.

HOW THEY GOT EVEN.

Former Alliance Men Arrested for Arson. They Are Well Known.

CENTRALIA, ILL., Nov. 30.—James T. McGibben and two other men, named Stacey and Lordon, have been arrested at Sandoval for arson. During the past year a number of barns and residences have been fired, and the work has been traced to the men under arrest with McGibben as leader. Stacey and Lordon have made confessions, in which they say that other burnings were planned and that arrangements were made for the assassination of several people.

McGibben is well known in this state and in South Dakota. He was state business agent for the Farmers' Mutual Benefit Association for two years, was state organizer for the Farmers' Alliance in Dakota, was the founder and editor of the *Brotherhood of Labor*, also associate editor of the *Liberator*, published at Springfield. He has been identified with all the leading reform movements for the last five years. He had some trouble with the farmers in this vicinity, and it is alleged took this means of getting even.

Comes Under Inter-State Law.

New York, Nov. 30.—Peter B. Wyckoff, general freight agent of the Central railroad, of New Jersey, who was arrested last week, charged with violation of the inter-state commerce act, appeared before Commissioner Shields this morning and was held in \$500 bond to appear before the grand jury of the eastern district of Missouri. The express charge against him was that he had been a party to a tariff rate on a charge for the shipment of locomotive brakes from East St. Louis to Philadelphia, and that he had with others discriminated in favor of the American Brake Company by shipping its brakes at 6 cents per 100 pounds, cheaper than the brakes shipped by other companies.

New Orleans, La., Nov. 30.—President Conrad, Secretary Horner and eight employees of the Louisiana State Lottery company appeared before U. S. Commissioner Wright this morning to answer an indictment against them at San Antonio, Tex., on a charge of violating the anti-lottery postal law. They gave bail in the sum of \$1,000 each to appear at the next term of the U. S. court in San Antonio.

DAW

ON THE WARPATH.

The Apaches of Arizona are Committing Depredations.

WILCOX, ARIZ., Nov. 30.—The Apaches are on the warpath and have committed several depredations. One man has been killed and another wounded, and the settlers are arming to protect themselves. J. W. Downing, who lives about thirty miles south of this place, rode in great haste Thursday night and reported that one of his men had been murdered by a war party of Indians, who disappeared soon after the killing and cannot now be found. The name of the dead man is B. H. Daniels, of Ontario, Canada, an ex-soldier, and about thirty-five years old. The following telegram has been received from Fort Bowie: "Major Downing was shot from ambush this evening while riding in his buggy, but not injured."

This was written within a mile of the major's residence. Robbery was not the object of the murderers. It is the season when the redskins become uneasy, and a dispatch says it will be well for all citizens to look to their arms before more lives are wantonly taken. Bowie is eighteen miles from the scene of the killing. The military is taking every precaution to defend the settlers. The Indian hostiles are moving south.

MOUNDSVILLE.

A Miscellaneous Melange of Minor Matters from Marshall's Metropolis.

An old gentleman named McGuffey came to town Saturday to transact some business. He drew \$100 from the bank and started to the court house with it, but when he arrived there his roll was missing, and all his efforts to locate it were futile, and he went home a very sad man. The distance he traveled from the bank until he discovered his loss was not over one hundred yards. Many think he will yet find it.

Senator D. A. Dorsey was in Charleston last of the week "on business." It will be remembered that the senator was before the Democratic state convention in 1889 for the nomination for state treasurer, and while he was turned down, he had a very respectable following. It is now whispered that he is again looking around to see how the land lies, and as the capital now seems to be the Mecca for Democratic candidates, this may have had something to do with his visit.

Decisive steps will shortly be taken by the city council to open the eastern grounds of error in the admission of testimony of experts, error in charge to the jury and an excessive verdict. A majority decided not to reverse the finding of the lower court, Judge Lambie dissenting. The railway company will appeal the case to the supreme court. Mr. Sherrard holds that his stock is worth one hundred dollars for fifty dollars par value per share or \$200,000. Steubenville city and county hold 1,275 shares, and the valuation, as well as whether the consolidation will be gone into, will be determined by the issue of the Sherrard case. This is the first time the case has been tried in Ohio courts, hence the general attention it is attracting.

"I had become discouraged and about given up all hope of ever being myself again, as my trouble had existed for over nine years, and I could not obtain any relief. I had tried a number of physicians and spent large sums of money, but only seemed to get worse instead of better."

MRS. WM. MEYER.

The speaker was Mrs. Wm. Meyer, who resides at No. 2301 Wood street, Wheeling. "I was about twelve years old when my catarrhal trouble first began," continued Mrs. Meyer. "My nose would stop up, first one side and then the other. Severe headaches and pains in my temples every morning—so severe they affected my eyes that I could not see to read the newspapers until after these pains were gone. Drooping back of neck from my head into my throat, causing me to haw and spit to clear my throat. I had no appetite, and what little I did eat would lay on my stomach like a heavy weight, causing sour stomach and indigestion. The catarrhal trouble finally extended to my ears, causing almost total deafness for nine years. Ears became very sore and at times a thick, purulent discharge would issue from my ears. I was one solid ball of pain and suffering. I could not sleep with it at night. I was troubled with this terrible ear affliction for nine long years, spending vast sums of money without receiving any benefit. One specialist had told me the drum of my ear was partially destroyed and I could never hear, but little, if any, again. This discouraged me so much I almost gave up the idea of seeking further aid. But after reading the many cures being made by Drs. Copeland & Bell, I decided to visit their offices and give them a trial, and a pleasant visit it has been to me, for I steadily improved from the start, and in three weeks' time my ears were healed, my hearing restored again—the first time in nine years."

"I feel proud to announce my case to the public that some one who has suffered as I have done may now be benefited by these eminent specialists, whom I cheerfully recommend to the suffering humanity, as you will do well to consult them and be relieved."

The above statement can be easily verified by calling on Mrs. Meyer at her home, No. 2301 Wood street.
